Main – 1,392 Sq. Ft. / Second – 680 Sq. Ft. = Total 2,072 Sq. Ft.

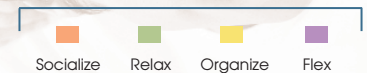

The Farmington
Model # D476c

Flexibility is the key to this home. The socializing space is ample, but it can be expanded by using the flex room as a formal dining room. Or perhaps you would rather use the room as a media room or library. The loft overlooking the great room gives yet another place for entertaining, providing a more quiet space for conversation.

Even the bedrooms upstairs offer flexibility. Perhaps now you need them as bedrooms, but later you can flex one of them into a home office. And is the other room a craft room or is it an exercise room? You decide!

How this home lives

*Elevations may include optional features.
