# The Comstock

Model # N362c

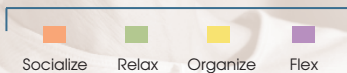

Total 1,674 Sq. Ft.

The large open design of the socializing space ensures everyone who comes into this home is immediately part of the action. The unique angled snack bar even keeps the chef involved in the party!

But when it comes time to refresh and relax alone, the generous master bedroom with a large walk-in closet and ample bath becomes your own private haven – separated from the noise and commotion of bedrooms 2 and 3.

## How this home lives

\*Elevations may include optional features.
