The Coronado

Model # N367c

Total 1,695 Sq. Ft.

The window-filled, open design of the socializing area gives a definite sense of space and light for you and your guests. Sunshine is good for the soul.

Check out this home's traffic pattern – no one has to walk through one room to get to another.

Off-season closets are a welcome amenity in the master suite, as is the oversized shower.

How this home lives

*Elevations may include optional features.
